

SAP® Cloud Platform Workflow Service

USE CASE:

Your company plans to use the SAP® Cloud Platform Workflow service to manage applications for travel claims. The service is activated and set up by an administrator on January 27. In February, 1,500 users are authorized, and an additional 5,000 are authorized in March.

CHARGES:

JANUARY	First tier with a fixed fee = €300
FEBRUARY	1,500 users €2.30/user (4th tier) = €3,450
MARCH	6,500 users €2.00/user (5th tier) = €13,000

In January, the fixed fee for the first tier is charged, because fewer than 100 users are authorized. In February and March, the respective tiers are applied to the number of authorized users.

The purpose of this document is to illustrate the price calculation. Since there could be changes to the service, including the pricing and the metric, this document is not a source for pricing information. Please check the pricing information on [SAP Cloud Platform](#) and in the “[SAP Cloud Platform Service Description Guide](#).”
