

Standardize solution setup with the baseline activation service for SAP® Commerce Cloud

SAP experts assist you or your partner in delivering a more efficient solution setup.

Business outcomes

- Alignment between business and technical teams on capabilities of and best practices for the SAP® Commerce Cloud solution
- Preparation of the project team for design decisions, deployment, and implementation of the solution
- Faster, more cost-effective setup of SAP Commerce Cloud

Business relevance

- Baseline activation service based on best practices to provide a quick deployment of an SAP Commerce Cloud sandbox environment
- Service that is ideal if your company is planning to lead your own deployment or use a systems integrator
- Service for companies that desire a solution with a strong foundation, built with the help of SAP experts

Deliverables and time frames

The baseline activation service provides:

- Tailored SAP Commerce Cloud solution with basic branding and data
- Project team workshop on key solution capabilities
- Architecture and road-map recommendations

This service is fixed scope and fixed fee and is delivered remotely over 3 weeks.
