

Object Store on SAP® Cloud Platform

USE CASE:

Your company plans to use the Object Store service on SAP® Cloud Platform to get access to the AWS Simple Storage Service (AWS S3) bucket and to use it for an application on SAP Cloud Platform. The service is activated on January 28, and the first use starts in February with 420.4 GB (421 blocks) and continues in March with 713.3 GB (714 blocks).

CHARGES:

Note: 100 GB = 1 block (rounded up to next integer)

JANUARY	0 blocks €6.75/block (first tier) = €0
FEBRUARY	421 blocks €6.75/block (first tier) = €2,841.75
MARCH	714 blocks €6.75/block (second tier) = €4,819.50

Although the service is activated in January, there are no charges because there has been no consumption. All consumed blocks are rounded to the next integer.

The purpose of this document is to illustrate the price calculation. Since there could be changes to the service, including the pricing and the metric, this document is not a source for pricing information. Please check the pricing information on [SAP Cloud Platform](#) and in the "[SAP Cloud Platform Service Description Guide](#)."
